Featuring easy to follow instructions with detailed diagrams, this guide is a must have for those do it yourselfers. Click here to make a request to customer service. To calculate the overall star rating and percentage breakdown by star, we don't use a simple average. Instead, our system considers things like how recent a review is and if the reviewer bought the item on Amazon. It also analyzes reviews to verify trustworthiness. Please try again later. Kim Z. 1.0 out of 5 stars This is high dollar birdcage liner, nothing more. The manual claims to apply to newer models as well as the older ones. This is only true on a concept level. There are no specifics in this book to any particular model number, only a 30,000 ft view of Dishwasher technology, which hasn't changed much since this manual's first publication. This is why they can say that it also applies to the newer models as well. The information in this book is so generalized that it is all readily available on the web. You would be much better served by searching YouTube for information on your repair. This manual will not help you with tips or techniques for removing and replacing parts, that being said, the dishwasher parts are very easy to remove and replace if you pay attention to the way in which it was removed. Doesn't provide any part numbers for the called out parts. Link Example You

We have provided many important safety messages in this manual and on your appliance. Always read and obey all safety messages. This is the safety alert symbol. This symbol alerts you to potential hazards that can kill or hurt you and others. All safety messages will follow the safety alert symbol and either the word "DANGER" or "WARNING." These words mean follow instructions.I Use the dishwasher only for its intended function. I Use only detergents or rinse agents recommended for use in a dishwasher, and keep them out of the reach of children. I When loading items to be washed 1 Locate sharp items so that they are not likely to damage the door seal; and 2 Load sharp knives with the handles up to reduce the risk of cuttype injuries. I Do not wash plastic items unless they are marked "dishwasher safe" or the equivalent. For plastic items not so marked, check the manufacturers recommendations. I Do not touch the heating element during or immediately after use. I Do not operate the dishwasher unless all enclosure panels are properly in place. SAVE THESE INSTRUCTIONS I Do not tamper with controls. I D Whirlpool Dishwashers Whirlpool WDF130PAHT HeavyDuty Dishwasher with 1. Whirlpool WDF330PAHB HeavyDuty Dishwasher with 1.
